Madden Alberta  
April 17th, 1939.

Dear Editor:

In your April 13th issue I note that a Water Valley citizen has purchased a pair of new boots with his bonus on Alberta Transfer Vouchers. Nifty stroke of business, what? As we are all affected with an "Alberta" complex these days, I trust that these boots are "Alberta made."

However, there is a system which appears to be lost sight of, since the public has went "nertz" on the "no money" bug. Just take our cash to the wicked old retail merchants, who have a fashion of issuing credit in terms of the public need while the politicians talk about it. If we don't get bonus enough to buy several pairs of boots in a short time, I'll eat my hat.

Yours truly

F. D. Parker

Crossfield, Alta.

To the Editor of  
the Crossfield Chronicle

Dear Sir:

Would you kindly permit a few remarks on the letter of Mr. O. E. Jones in your issue of April 13th. In one place he says "we do not discuss political issues," in another place he says "we are trying to get a Provincial Grant for a municipal purpose. These two statements conflict, a Provincial Grant is an important political question, and this one looks like a pork barrel appeal to me, and the purpose it is to be used for is entirely Municipal. This looks on the surface, like worthy endeavours by a worthy organization, but it really is interfering in a matter entirely out of their sphere. This matter has been brought up in the proper place, by the proper people, on two occasions that I know of and has been duly considered. It is important that these matters be kept within the power of the ratepayers, as ratepayers. As for the mutual benefit he mentions, I think Mr. Jones was the man who led the applause when a motion lost (by one vote) asking

## UNITED CHURCH NOTES.

Services will be held next Sunday at Rodney and Tan-y-Bryn. A number of young people will take part in the evening service at Crossfield.

Rosebud 280 Municipality to co-operate, as much as possible, with the Provincial Government in the use of Provincial Credit. Ways and means for such road improvement as the B.O.T. suggests is available, but it must be done in the manner provided. The Provincial Grant is the wrong way, and would not be a mutual benefit, it looks like a case of too many cooks spoiling the broth. Such grants always increase the taxes or the debt of the Province, this brings in the coupon clippings who take a draw and do no work.

Yours sincerely  
Rural Ratepayer

Water Valley  
Dear Sir:

Evidently Mr. Jones has misinterpreted my letter which is in the April 6th issue.

I tried to make a few common-sense remarks about the officials of the Board of Trade. Also about the "No Money Bug." Then I suggested that the Board of Trade read a book which was copyrighted in 1916. This book was written by a dirt farmer who was head of the largest farmers organization in the mid-western states. He claims to have put in thirty years gathering data. Is this politic. If so, I still think it should be read and if possible I would like to be present and get the reaction of other minds who would inevitably get a different slant from my own.

The idea is, with me, that if I am a dampool I don't care to remain one.

If my "No Money Bug" which we hear every day, is a political bug then I am guilty. Is there any reason for us as citizens to purchase outside our hamlet, village, or town, other than to stretch our "No Money."

Might I ask if any political consideration crept into the Board of Trade meeting about a year ago when they asked for the disallowance of a number of Prov. Acts?

Had I been a member and present then, would I have been fed to the Lions?

Has the Board of Trade done

any asking re the wheat situation? Might be that the editor has missed this

We all know that Alberta farmers received nearly half of the bonus paid. Would Ottawa feel as they do if Sask. or Man. had received this?

Enough for politics, as I have very definite reasons to believe that unless we unite for action, on one paramount issue, our political action will be wholly abortive and ineffectual

Everyone who is honest will not deny that every government this province ever had were sincere, honest, citizens. Although they did not always act as sportmanlike as they should, they and the Ottawa government were prevented from doing what they knew should be done.

Unity on this "No Money" will no more straighten things out than any other issue.

This temporary depression which has lasted ten years should

## SENIOR BASEBALLERS AGAIN ORGANIZE

At a meeting held in the Oliver Cafe Monday the Senior Baseball Players re-organized for the coming season. It was decided to again enter the Bush League.

The following were the officers elected: H. McDonald, President; E. W. Hoover, Manager; Merle Heywood, Secretary, and George McDonald, Playing Captain.

We understand the club has several new players, which will greatly assist in making the coming season a successful one.

It was also arranged to have an exhibition game at Carstairs, on the Crossfield diamond, in the very near future.

Easter examination results will be found on page six.

have demonstrated that the Humpty Dumpty of profits can only be patched to appear convalescent, while statistics prove that approximately 80pc. of our population do not share in any profit.

Who can deny that we have an abundance of labor, equipment and material at hand to build all our roads and do many other things. What is the thing lacking? "No Money"

Ask your business men if it would help for every citizen to have money in his pocket. Not inflation but enough to buy and build everything possible.

As nearly a perfect balance as is humanly possible between money and labour and labor products.

How long are we going to continue trying to do business with "No Money"

In my opinion we have no one in Canada who has the say as to how our money system shall be operated.

Another opinion is that we have not got one dollar of lawful money in circulation in Canada.

No wonder I say I'm Nertz as I have to absorb what little information I get through solid ivory. Now don't get it into your head that I am under the impression I have a corner on the ivory market, just look and listen.

G. F. DAY.

## LOCAL RESIDENTS THINK OF CLEAN-UP WEEK

By the many piles of garbage and tin cans we notice local residents are already cleaning up their yards, and, with the health inspector having visited our town, it gives him a good impression. Doing the work now will save being notified later.

Although clean-up week is not until some time in May, it behoves us to go ahead with the spring cleaning now, so that any travelling through will see that we are living in a lively town, where people are keeping up to the high standards already maintained.

## RELIGION ON THE AIR ACROSS CANADA

Friday night is the night for rehearsal of the "Church of the Air" programme which the C.B.C. sends out twice each Sunday. The rehearsal may take place in any one of Canada's large cities, in a church building belonging to any one of the many communion.

On Sunday afternoon the polished result of the Friday rehearsal will be heard from coast to coast by the sick and helpless, the farm family in some remote townships, the trail blazers in the depths of the wilderness. For this is the twentieth century and the Church has added another mighty weapon to its armoury.

Early in its history the C.B.C. took measures to insure a place for religious services upon its program schedules, to guarantee the most democratic opportunity for denominational expression the Commission called upon representatives of each communion, Catholic, Protestant and Jewish, to form the National Religious Advisory Council. Upon this Council are Catholics, Orthodox and Reform Jews, Anglicans, Baptists, Presbyterians, Christian Scientists, Lutherans, Salvation Army and United Church of Canada. Before present plans are completed, each communion will have completed almost twenty programs of devotion.

Over Canadian radio, religion has produced a self-governing and successful united front. The message of religion has found a new avenue to the hearts of humanity. The organized Church has moved a giant toward elimination of differences and co-operation upon fundamentals.

The programs for the remaining two Sundays of April in a coast-to-coast network are—

April 23rd, 2:30, 3:00 p.m.—Rabbi

M. N. Eisendrath (Reform Jewish)

5:00, 5:30 p.m.—Rev. Harold

Young (United Church)

April 30th, 2:30, 3:00 p.m.—Colonel

Peacock (Salvation Army)

5:00, 5:30 p.m.—Rev. A. Lotz

(Lutheran)

## Laugh, Clown Laugh

It's good to laugh; laugh and the world laughs with you; cry and you cry alone. Going through a few papers on my desk, I came across two notices of German Cultural Society meetings. They gave me an idea; why not English, Welsh, Irish, Scots and Canadian Cultural Society? I like the word cultural; it reminds me of purges, concentration camps and funny things like that. It made me think that what is sauce for the goose is sauce for the gander. At Berlin, excuse me; I mean Kitchener, Ontario. Six Canadian citizens, the forth generation born in this country were dined, wined and feted on the eve of their departure for Germany to take up positions there to help the fatherland. It evidently is hard to turn the Holstein into a Shorthorn. That phase could be discussed at our All-British Cultural Society.

Where there's a will there's a way. Mr. Houde of Montreal fame tells Canada that, should England fight Italy, the sympathy of Quebec would be with Italy. They also, by existing appearances, must have a French-Italian Cultural Society down there. Cultural Societies must be like measles (infectious). A nation divided is in a bad state; and if Canada does not want to fall an easy prey to Communism or Nazism, then it is for her people, one and all, regardless of the countries of their birth, to think Canada, talk Canada and be Canada, first and last.

Why did the most of them come to Canada? Because they were fed up and thought they could make a better living here than in the land of their birth, and most of them who came out here have; so why in blazes bite the hand that feeds you, and wildly proclaim the wonders of a country that you left because you got tired of it.

The Argentine Republic took eight hundred of a German Cultural Society and sent them back to Germany last week. There they can have the delights of the father land and hail Hitler to their hearts content.

God speed the plow.

—GARRETT.

## The World of Wheat. UNITY COUNCIL NOTES

By H. G. L. Strange

A member of the Government recently announced that the Dominion Treasury had expended, on assistance for the West during the past eight years, the sum of 118 million dollars.

Some of our good friends in the East have suggested that this is a very handsome contribution, and that Western farmers, therefore, should be more modest in their demands for further assistance.

We all agree that 118 million dollars is a lot of money; but there is something else to be remembered, too, which is that even during these distressful eight years, the West contributed a much larger sum of money than 118 million to Eastern Canada.

Professor Viner, a recognized world authority, stated to the Royal Commission recently that he calculated the Prairie Provinces contributed in normal years approximately 47 million dollars each year to the East, in the form of the higher costs farmers had to pay for the things they bought; these higher costs being the result of the high tariff protection enjoyed by Eastern manufacturing industries.

Far, then, from the West having been an expense to the East, actually even during those last eight years of great distress and need, prairie farmers still paid to the East, as a bonus, considerably more than they received from the Dominion.

Wonder if the Aberhart government are going into the barber business? We noticed an advertisement in an Alberta newspaper a few days ago, worded partly: "For Sale, government-inspected bobs. To clear in bulk at 75c"

## Cremona Notes

We are sorry to hear of the death of Mrs. James Coleman, in her 74th year, having been ill for some time. She quietly passed away at her home on April 13th at 5 p.m. and was laid to rest in the Cremona Cemetery.

The Cremona curling club had a meeting and arranged to collect the fees for the Shares and see about a building.

Big Prairie district has opened a hall on the old Bob, Blackburn quarter Sec, a mile north of Big Prairie school.

We see that the government man was installing more telephones in Cremona the other day. Looking up, Eh Butch?

## "Some Day I'm Going to Take it Easy"

THAT'S what thousands of men are promising themselves—a comfortable old age, freed from work and worry. And many are able to make their dreams come true, through their savings in Life Insurance.

Life Insurance does two important jobs. First, it protects widows and dependent children—providing them with necessary funds if they are obliged to carry on single-handed. Secondly, Life Insurance builds up a cash reserve for future years—enabling men and women to "take it easy" in their old age.

And millions of Life Insurance Dollars are put to work in financing farms and homes—schools and good roads—and many other worthwhile enterprises.

### King George VI

A HISTORY IN  
THIRTY  
CHAPTERS

#### CHAPTER NINETEEN

"So let extend thy mind o'er all the world In knowledge."

—Milton

If the education and training of Lady Elizabeth Bowes-Lyon, now Queen Elizabeth, had been planned with the object of preparing the young lady for the task of some day assuming the duties and responsibilities of the wife of the King, nothing could have been contrived better or more exact than the actual programme which was followed by the devoted parents of Her Majesty.

Her mother, Lady Strathmore, was a remarkably intelligent woman and she did not favour boarding-schools. Consequently, Lady Bowes-Lyon had the good fortune to receive her early training and schooling from her mother, who taught her daughter all the necessary subjects including at the same time a thorough training in all the elements of music, art, dancing, and all the kindred subjects. In other words, the cultural background of the ancient Strathmore family was implanted in the child, and this was accomplished at an early stage in the life of the future Queen. However, when the child had grown up, these educational duties were shared by governesses, and it is an extraordinary thing that she had the benefits of the sound training of no less than three national backgrounds since she received instruction from a French, English and German governess at various stages. The results are that the Queen has a good command of the two foreign languages.

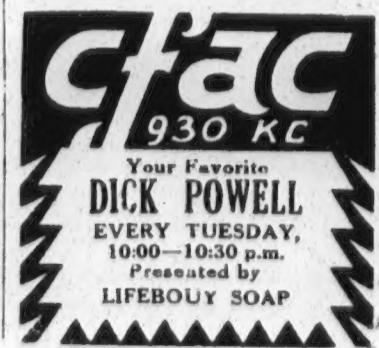

When she reached the proper age, she studied for the Junior Oxford examination and she passed it. Then followed the period of the Great War and like all other girls of her age and position, she was ready to go aboard for the finishing school courses

but owing to the unsettled conditions this idea was abandoned. Nevertheless, she carried on her studies at home, and when in London, she followed certain courses in music and dancing excelling in both. Madame D'Egville supplied the dancing lessons and Madame Matilde Verne was the music teacher.

But books and theories were not the only things that stand out at this point in the life of the Queen. It is rather the fact that the young lady was already showing natural talent to carry out the duties of a member of the Royalty. She had been properly described as the perfect hostess. During her childhood and youth, she received a number of opportunities to engage in social functions and to develop those necessary talents that are vital for the first lady of the land, just as if Fate had destined her for the position. Her charming personality, wisdom and tact, her innate ability to remember faces and names, her dignity yet simplicity, all combine those very characteristics which are essential for a wife of the King. They cannot be achieved or attained suddenly, requiring many years of training. However, coming events have often cast their shadows before them and this was true in the case of Queen Elizabeth.

The Papke family who have resided in the Water Valley district for the past couple of years are moving to the Gus Johnson farm in the Big Prairie district. Good Luck.

We hear talk of building a Hall at Slab City.

At the Annual road meeting John Natziger was elected as committeeman for 1939.

The kids night for boxing and athletics was held at the hall Saturday 15th and quite a turn out was there. It was decided to continue every two weeks. Bill King is referee and match maker. Everyone welcome. Everyone attending, young and old, must be matched or pay a fine of two bits.

We hear that S. Meezer, the head ranger in our section of the Bow River forest reserve has been released.

The Water Valley Baseball Club has decided not to organize for the coming season. Some talk of an old man's team forty five and over. Bob Lawrence says they would have to invest in clear vision glasses, plenty of liniment and probably some new dogs.

Bun Burton says. Don't blame the merchant if the dairy butter is rotten, but find out the maker.

A wedding ceremony of great interest—in fact involving royalty—will be celebrated tomorrow, after which two hearts will beat as one.—Blairmore Enterprise

J. D. Fike finding the four Walls at the right time to give some one the raspberries.

Mrs. McRory left for Calgary Wednesday, where she intends to spend a holiday.

C. Weber is planting some trees across the street from the skating rink. This will be a great asset to the Village.

We notice the ministers spring cleaning. Rev. Pickford was calsomining, Rev. Hunt paper-hanging, but where oh where is Rev. Currie.

Dr. and Mrs. S. H. McClelland, of Calgary, were visitors in town Tuesday. We were informed that they have a deal on for the sale of their house.

A great many farmers of the district have commenced work on the land, and with fine weather next week, seeding will be general.

Verne Thompson purchased a John Deere tractor from W. A. Hurt and a Packer and Cultivator from W. Laut, taking them home Wednesday.

Commencing Saturday next, April 22, the Gloomchasers will hold their regular Saturday-night dances, in the U.F.A. Hall. Come out and boost for your local orchestra.

On Tuesday afternoon, April 18th, a few of Mrs. Christiansen's friends spent a very enjoyable afternoon and tea with her on the occasion of her 81st birthday. Mrs. C. Christiansen and daughter, Hannah, also Mrs. Chester Christensen, Mrs. Heywood, Mrs. McNichol, Mrs. McRory and Mrs. Calhoun all report having a good time.

**The Week in Edmonton.**

Edmonton, April — Departure of the M.L.A.'s from the Legislative Buildings following prorogation has left a quiet atmosphere that contrasts greatly with the noise and bustle of sessional days. Yet beneath the apparent calm there is activity—the silent and efficient activity of the administrative services as they swing once more into the business over a new working year.

With the passage of the new lands act, the era of homesteading appears to have ended in Alberta. No more will land-hungry settlers stake their classic bet of ten dollars to a quarter section that they can "make a go of it" on virgin land. The new act, which provides for a long term leasing proposition with an option of purchase, may rightfully be set down as Alberta's charter of coming-of-age. It would seem that a new phase of our country's building was reached at the end of March.

There were no frantic last minute rushes to take up homesteads. Paradoxically, the land office did no "land office business." Actually, during the last days of the homestead era, only 68 persons filed on new quarters up to March 25. A number of options granted before that date may be taken up within a period of 90 days. Of the 68 homestead filings, 46 were by women.

Indicative of the desire for building improvement among home owners in Alberta is the announcement by Hon. Charles Dunning, federal minister of finance, that Alberta stands second in the amount of lendings approved under the H.L.P. Loans approved from November 1, 1936 when the scheme became effective, to March 31 of this year numbered 61,746, valued at \$25,856; 602.

Alberta's enlarged school unit system will prove the greatest contribution ever made to education in this province. Premier Aberhart told 600 teachers in Edmonton this week. He spoke at a convention banquet held in connection with the 22nd annual meet of the A.F.A. Mr. Aberhart said that his predecessor in office, Mr. Perrin Baker, deserved full credit for the pioneering work done to introduce the larger unit.

The building trade seems brisk in town. We notice Ernie Sharp is having his house enlarged, whilst George Lim is having an extra room built on his residence. There are prospects of a new house in the north end of town in the near future.

AND NEWS by F. E. Fleming

"LIFE AND LOVE OF DR. SUSAN"

In every city, town and community there are women who carry on invaluable work—often receiving no credit whatever, and often working against tremendous odds. In the story of "Life and Love of Dr. Susan," now heard each day Monday through Friday over CFAC at 12:15 directly following "Big Sister," just such a character is portrayed.

It is a vital story of a woman who is wife doctor, mother, and of her efforts to find her husband, lost in a tropical jungle—her struggle to build a practice against the prejudice and bigotry of the small town of Valleydale—the adventures of her two adorable children.

"The Life and Love of Dr. Susan" deals with the most vital problems of a woman's life, and promises to become as popular with Canadian listeners as it has with listeners in the United States, where the program originates.

The character of "Dr. Susan" is portrayed by Eleanor Phelps, who was born in Baltimore, and who is not only known for her radio characterizations, but also for theatrical portrayals on Broadway. She recently appeared there with Maurice Evans

in "Richard II."

Alice Frost, Star of Big Sister, has been offered countless jobs teaching in dramatic schools all over the country, on the basis of her stage and radio work but has been kept too busy at the microphone to accept. Now she's being urged to make an album of transcribed acting lessons for use in these institutions.

GOOD NEWS OF 1939

Bob Young, master of ceremonies of the Good News of 1939 program, will present another stellar array of guests from the M-G-M motion picture lots during the broadcast on Thursday 7:00 p.m., over CFAC. In addition to his guests, Young will have the assistance of his regulars, Fanny "Baby Snooks" Brice, Hanley "Daddy" Stafford, Frank "Fabricator" Morgan, and Meredith Wilson and his orchestra and the chorus. Morgan will let his imagination wander far afield while Baby Snooks causes the audience at the expense of Daddy Stafford. Musical highlights of the broadcast will include Wilson's concert hall feature.

..... To his audience, he may appear perfectly composed, but Marek Weber's musicians realize that the "International Nights" maestro is beginning to
